We have received a request from Barbara Bozeman to appear before the Board on behalf of WIN 100 (a grassroots organization made up of members from ERA-NC, the League of Women Voters, Business and Professional Women of NC, etc.) to seek your support for their efforts to have the Equal Rights Amendment (ERA) ratified into law. North Carolina is one of the states that did not officially support ratification. They have provided a draft resolution for consideration.

From: Barbara Bozeman <barbara.bozeman@ymail.com> Sent: Thursday, May 31, 2018 11:27 PM To: Susan Holder <susanh@sampsonnc.com> Subject: A Resolution for Consideration to the BOC

Dear Susan:

I would like the opportunity to ask the Sampson County Commissioners to sign/approve/support the WIN 100's resolution supporting ratification of the Equal Rights Amendment. WIN 100 is a team from many organizations, united to see the passage of the Equal Rights Amendment. Though I am not a Sampson County resident, I am working with a group of women and men across the state, and Sampson County is one of my areas of responsibility.

Can I get this on the agenda? Does it need a formal presentation of information at a Board meeting? What would be the next step down the path to getting their approval and signature?

Thank you for helping me with this. Below is the email I sent a few minutes ago to Commissioner Wooten - before I found the right contact information for you as Clerk to the Board.

It is the goal of many Americans, to see that the Constitution of the United States represents all of it's citizens to the fullest extent. The Equal Rights Amendment has not been ratified into law - and unfortunately, North Carolina is one of the few states left that does not officially support ratification. However, many, many of it's citizens do support ratification. We need your help.

"I am part of the WIN 100 team - which is made of of members of many organizations (ERA-NC, League of Women Voters, Business & Professional Women of North Carolina, and others). It is our mission to gain support and signed resolutions from every one of the 100 counties across North Carolina.

Will you show your support for women and men of North Carolina and the United States by approving the signing of this resolution by the Sampson County Board of Commissioners?

I will be happy to make a short presentation at an upcoming meeting if time can be made available.

I have attached a copy of the proposed resolution -which has already been signed at last count, by 16 counties and municipalities. "

Warmest Regards Barbara Bozeman Vice President, BPW/NC 102 Wildwood Drive Goldsboro, NC 27530

# A RESOLUTION CALLING FOR HEARINGS AND RATIFICATION OF THE EQUAL RIGHTS AMENDMENT

**WHEREAS**, women, who constitute over 51% of the population of North Carolina, continue to confront workplace discrimination; health care inequities; disparate rates of poverty; rape and domestic violence assaults; a lack of political parity; and

WHEREAS, anti-discrimination state laws are not uniform and federal laws are not comprehensive; additionally, these laws can be repealed or reduced; and

**WHEREAS,** The Equal Rights Amendment (ERA) is needed to help correct systemic sex discrimination, since the US Constitution does not explicitly guarantee that all the rights that it protects are held equally by all citizens without regard to sex; and

**WHEREAS**, the ERA was proposed in 1923, passed by Congress in 1972 and ratified by 35 of the 38 states necessary to put it into the Constitution as of a June 30, 1982 time limit; and

**WHEREAS**, irrespective of a time limit for ratification, the Nevada Legislature ratified the ERA with a bipartisan vote on March 22, 2017, becoming the thirty-sixth state to ratify the amendment; and

**WHEREAS**, Congress can alter time limits in the proposing clauses of amendments, and the deadline for the ERA appeared only in the preamble and not in the text of the amendment; and

**WHEREAS**, sixteen municipalities and/or counties across North Carolina have adopted resolutions of support for the ERA; and

WHEREAS, ERA bills were introduced into both chambers of the North Carolina General Assembly in 2015 and 2017; were assigned to Judiciary and/or Rules Committees, but were not considered in hearings; and

**NOW, THEREFORE BE IT RESOLVED,** the Board of Commissioners supports renewed efforts to ratify the ERA, requesting that the General Assembly hold committee hearings upon ratification bills like those introduced in 2015 and 2017, and based on the principle of fairness, pursue ratification of the ERA to the US Constitution as proposed by Congress on March 22, 1972.

Adopted this \_\_\_\_\_ day of \_\_\_\_\_, 2018.

# **BACKGROUND:**

As you may recall from our Public Works "summit" on September 19, 2017, there are petitions on file from areas requesting water and a number of areas where further development of water lines would be advantageous for the efficient operation of the water system. Following that session, Public Works Director Lin Reynolds and his staff spent time riding the roads of the County to identify which areas would be more economically feasible to develop than others. Mr. Reynolds will be present to report on the efforts to date and his recommendation for roads to be actively recruited (water tap agreements signed and deposits collected).

# **RECOMMENDED ACTION OR MOTION:**

Consider approval of roads for recruitment and line installation if minimum customer recruitment is achieved

The Sampson County Public Works Department request that the Sampson Water Board approve recruiting to begin for installing new water lines in the county. The recruiting would include a signed contract and a deposit from the customer.

The target benefit/cost ratio used was 10 customers minimum per mile which equates to a numerical requirement of 10 or above. The following roads have petitions on file and each have been reviewed by the Public Works Director and Water Superintendent for feasibility. Please note that two roads did not qualify due to the B/C being less than 10.

The plan listed below is the template set in stages. The target is to have the three roads recommended in service by the end of April 2019.

The Roads considered in this proposal were chosen due to the large number of potential customers on these roads along with being short installations that can be installed by our department.

#### The Plan

The plan used to determine which roads may qualify for new water line additions began with creating a standard petition list with a contact person that would recruit potential customers on their road. The contact person would perform this task as a volunteer and spokesperson for the road in question. The only person contacted by the department at this stage has been the "contact person". The eight stages needed for installation are as listed:

Stage 1: The contact person on the petition solicits neighbors to sign up for water taps (May to June 2018)

Stage 2: Director and Water Supervisor reviews roads for recommendations (July 2018)

Stage 3: Recommendations made to Water Board and County Manager (August 2018)

Stage 4: Department meets with potential customers for signed contract along with 50% deposit (August to Mid-September 2018)

Stage 5: Engineering performed, permits obtained from Public Water & NCDOT (Mid-September to December 2018)

# Stage 6: Department performs installation (January to March 2019) Stage 7: Testing performed and authorization obtained for use by Public Water (April 2019) Stage 8: 50% Remainder obtained from customers and meter box installed. WATER TURNED ON.

The current stage (4) is for the department to meet with the customers on the list and ask each to sign an agreement to purchase water along with the **normal (\$500 or \$600)** tap fee charges to be collected at 50% at time of signing and the remainder when the meter is placed. The remainder would be collected separate from the water bill for cleaner accounting.

All work performed by these installations will be performed by the Public Works Department with the exception of engineering, boring and seeding/mulching.

# Item 1: Reports and Presentations

<u>Recognition of Retirees</u> Service plaques were presented to retirees Michelle Simmons, Lula Carter, Connie Hall, and Joseph Royal.

<u>Presentation – Guardian Ad Litem</u> NC Guardian Ad Litem District 4 Administrator Lori McClain provided the Board with an overview of the program, noting that the program's main objective is to provide advocacy for children involved in the court system who have been abused and neglected. She noted that Sampson County had an assigned case load of 124 children, with 78 of those children currently without an advocate. After listing the volunteer requirements, which are that volunteers undergo a criminal background check and be willing to spend 8-10 hours monthly, Ms. McClain encouraged Sampson County residents to volunteer for the Ad Litem Program. She concluded by providing information on how to volunteer.

<u>Presentation – Friends of Sampson County Waterways</u> Friends of Sampson County Waterways President Don Meese provided the Board a presentation on the work of the Friends of Sampson County Waterways noting that the non-profit organization labors to ensure that the 300 miles of Sampson County waterways are cleaned of trees, trash and debris, as is necessary for the County to qualify for FEMA funding for river clearing in emergency or storm events. He mentioned that the organization also provided boating and canoeing paddle trips for groups throughout the country, which benefits county tourism. Vice President Phillip Bell added that the organization had been made aware that a citizen had found an old burnt out Native American canoe (possibly predating European colonization) in the South River. The canoe was currently being curated and preserved at the Underwater Archeology Lab at Fort Fisher, but the organization was seeking to have the historical artifact returned to Sampson County to be housed at either the Coharie Tribal Center or the Sampson County History Museum. He also informed the Board that the Coharie Tribe was applying for a grant through the Duke Energy Water Resources Fund program to assist in funding a variety of projects and solicited the County's assistance via a letter of support which will be provided to funding partners.

Upon a motion made by Commissioner Godwin and seconded by Commissioner Kivett, the Board voted unanimously to authorize staff to provide the organization a letter of support.

# Item 2: Planning & Zoning Items

<u>RZ-6-18-1</u> The Chairman acknowledged Senior Planner Anita Lane, who informed the Board that the owner requested that the request be tabled to the August Board of Commissioners meeting. Upon a motion made by Commissioner Kivett and seconded by Vice Chairperson Lee the Board voted unanimously to table RZ-6-18-1 to the August Board of Commissioners meeting.

# Item 3: Action Items

Tax Settlement and Charge to Tax Collector Tax Administrator Jim Johnson presented the Board with a settlement of the outstanding balance of all delinquent taxes for FY 2017-2018 at \$1,163,317.66 which is a difference of \$253,803.61 from the FY 2016-2017 balance of \$1,417,121.27. Mr. Johnson noted that the collection rate for FY 2017-2018 was 97.05%, which was up from the 96.56% collection rate for FY 2016-2017. Submission of Memorandum of Understanding between Sampson County and NC Department of Health and Human Services County Attorney Joel Starling reminded the Board that at the Board's meeting on June 13, 2018, staff was directed to comply with the NC Department of Health and Human Service's mandate to submit a duly executed Memorandum of Understanding, pursuant to NC 108A-74. The Board further directed at that previous meeting that such MOU should be accompanied by a Signing Statement which set forth the Board's concerns regarding the foreseeable challenges in meeting the performance standards contained in the agreement which, because they were standardized, did not address any county's specific issues, challenges and resource limitations. He informed the Board that the documents were duly submitted, but the DHHS had responded, acknowledging the County's concerns but advising that they could not sign the MOU with the attached signing statement, and requesting that the MOU be resubmitted without the statement. Mr. Starling informed the Board that the revised statement would be accepted if the documents were re-submitted as separate documents. He continued by stating that because of the Board's previous formal action, staff is seeking direction on re-submission of the mandated document.

# **Public Comments**

The Chairman opened the floor for comments and the following were received:

Daren Parker: As most of you know, my family owns Parker Gas Company here in Clinton and in Newton Grove. We also own a cylinder exchange company name Rapid Xchange located on 701 near Keener. We had an incident Friday that was really scary. The incident involved a fire that broke out in part of our facility in the back area, in which two of our employees were burned and were airlifted to UNC Chapel Hill Hospital. The good news is that those individuals did not sustain any life-threatening injuries, they are being treated well, and will hopefully recover fully. It will just take some time. I came here tonight on behalf of my family just to say thank you to this county for what they did for us. It was really amazing to see how professionalism of everyone, from the Fire Department, to the emergency response individuals, to the Emergency Management System. They came in there and took control of that situation. It was a very critical situation and it would have become a lot worse if they had not done the things they did. And I just felt like it was the right thing to do to come tell you guys that we've got a lot to be proud of in this county. Some things you don't realize until you need them. So, thank you. I really appreciate it. It's really hard for me not to get emotional because it was a tough day. If it hadn't been for the community, volunteers, and paid employees we could have lost a lot more than we did. Thank you so much.

Nancy Gump: Good evening. I'm here just to ask for a modification in the Animal Ordinance regarding the topic of tethering. Tethering being either an animal being chained or tied to a structure. Right now, as the Animal Ordinance currently states, there is no specific length on the tether. And I've communicated and chatted with the Animal Control Officers, and they are supportive in this idea. So, I would like to know where I would need to go for the Board to consider a modification that would specifically state the length of tether.

Chairman Wooten referred Ms. Gump to confer with County Attorney Joel Starling.

# Adjournment

Upon a motion made by Vice Chairperson Lee and seconded by Commissioner Kivett, the Board voted unanimously to adjourn.

# SAMPSON COUNTY, NORTH CAROLINA

July 9, 2018

The Sampson County Board of Commissioners convened as the Sampson County Board of Directors of Sampson County Water and Sewer District II at 6:00 p.m. on Monday, July 9, 2018 in the County Auditorium, 435 Rowan Road in Clinton, North Carolina. Members present: Chairman Clark Wooten, Vice Chairperson Sue Lee, and Commissioners Thaddeus Godwin, Jerol Kivett and Harry Parker.

# Approval of Revised Water Shortage Response Plan

Public Works Director Lin Reynolds explained that the Water Shortage Response Plan for Water District II was approved by the Board on May 21, 2018 and duly submitted to the State. The State subsequently requested small revisions to the plan, which was re-presented for Board approval.

Assistant County Manager Susan Holder read the suggested changes to Sections VIII and IX:

# VIII. Effectiveness

The effectiveness of the Sampson County WDII water shortage response plan will be determined by comparing the stated water conservation goals with observed water use reduction data. Other factors to be considered include frequency of plan activation, any problem periods without activation, total number of violation citations, desired reductions attained and evaluation of demand reductions compared to the previous year's seasonal data.

# IX. Revision

The water shortage response plan will be reviewed and revised as needed to adapt to new circumstances affecting water supply and demand, following implementation of emergency restrictions, and at a minimum of every five years in conjunction with the updating of our Local Water Supply Plan. Further, a water shortage response planning work group will review procedures following each emergency or rationing stage to recommend any necessary improvements to the plan to the Sampson County Board of Commissioners. The Sampson County Public Works Director is responsible for initiating all subsequent revisions.

Upon a motion made by Chairperson Wooten and seconded by Commissioner Kivett, the Board voted unanimously to approve the revised Water Shortage Response Plan and adopt the resolution evidencing such approval (Copies filed in Inc. Minute Book \_\_\_\_\_ Page \_\_\_\_.)

Upon a motion made by Chairman Wooten and seconded by Commissioner Godwin, the Board voted unanimously to adjourn.

From: NC House District 21 Scholarship Dinner and Retirement Celebration Committee

Date: July 27, 2018

Representative Larry M. Bell, Sr. is retiring from the North Carolina General Assembly after 18 years of dedicated service as a legislator. His departure will mark a legacy of over 50 years of service to the great state of North Carolina through his tenure as a teacher, school administrator, Superintendent of Sampson County Schools, Sampson Community College Trustee, Sampson County Commissioner, and NC House Representative. The impact Representative Bell has made through his public service is immeasurable, however, we know that his tireless efforts certainly have resulted in much needed funding to afford access and opportunities for numerous Sampson County residents.

On Thursday, August 16, 2018 we are hosting the NC House District 21 Scholarship Dinner and Retirement Celebration to honor Representative Bell for his service and to raise funds to support the educational advancement of students in District 21. All funds raised at this event will be given to school systems in NC House District 21 (Clinton City Schools, Duplin County Schools, Sampson County Schools, and Wayne County Schools) for one-time scholarships in honor of Representative Bell. This will enable each school system to award a postsecondary scholarship to a senior who has distinguished him/her self in community affairs and citizenship.

We ask that you support this worthy cause by drafting a tribute resolution to be read during the celebration. Again, this gala activity will be held at Alfredo's Ristorante Italiano, 101 Wall Street, Clinton, NC 28328 at 6:00 PM on Thursday, August 16, 2018.

If you require additional information, please contact Marcus Bass at (910)379-9753

Thank you for your support and we look forward to celebrating with you on August 16, 2018.

Sincerely,

NC House District 21 Scholarship Dinner and Retirement Celebration Committee

**WHEREAS**, in celebration of his service and recognition of Representative Bell's life-long dedication to education, a scholarship program is being established that will enable each of the school systems in NC House District 21 to award a postsecondary scholarship to a senior who has distinguished him/her self in community affairs and citizenship.

# CERTIFICATION REGARDING NONDISCRIMINATION, CLEAN AIR ACT, CLEAN WATER ACT

#### **Certification Regarding Nondiscrimination**

**The Contractor certifies** that it will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of housing; (h) the Food Stamp Act and USDA policy, which prohibits discrimination on the basis of housing; (h) the Food Stamp Act and USDA policy, which prohibits discrimination statutes which may apply to this Agreement.

**The Contractor** must comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented by the Department of Labor Regulations (41 CFR Part 60): The Executive Order prohibits federal contractors and federally-assisted construction contractors and subcontractors who do over \$10,000 in Government business in one year from discriminating in employment decisions on the basis of race, color, religion, sex, or national origin. The Executive Order also requires Government contractors to take affirmative action to ensure that equal opportunity is provided in all aspects of their employment.

<u>Meaningful Access for LEP Individuals</u>: **The Contractor** that participate in the SNAP must take reasonable steps to ensure that LEP persons have meaningful access to programs, services, and benefits. This includes the requirement to provide bilingual program information and certification materials and interpretation services to single language minorities in certain project areas. SNAP Contractors that do not provide meaningful access for LEP individuals risk violating prohibitions against discrimination based on National Origin in the Food and Nutrition Act of 2008, as amended, Title VI of the Civil Rights Act of 1964 (Title VI) and SNAP program regulations at 7 CFR 272A(b). They also risk noncompliance with the USDA policy guidance titled, "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons", published in 79 FR 70771 - 70784 (November 28, 2014).

**The Contractor** should develop an implementing plan to address the language assistance needs of the LEP population served. This may include contracting for oral interpretation services, hiring bilingual staff, arranging telephone interpreters and/or language lines, coordinating community volunteers, translating vital documents, and providing written notice that language services are available in appropriate languages. Quality and accuracy of the language service is critical in order to avoid serious consequences to the LEP person and to the recipient. LEP needs should be considered in developing budgets and front line staff should understand how to obtain language assistance services. For additional assistance and information regarding LEP matters, please also visit <a href="http://www.lep.gov">http://www.lep.gov</a>.

Ensuring Equal Opportunity Access for Persons with Disabilities: **The Contractor** must also ensure equal opportunity access for persons with disabilities. This includes ensuring that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with people without disabilities. Contractors that do not provide persons with disabilities equal opportunity access to programs may risk violating prohibitions against disability discrimination in the Rehabilitation Act of 1978, the American with Disabilities Act (ADA) of 1990, as amended, and SNAP program regulations.

DOJ published revised final regulations implementing Title II and Title III of the ADA on September 15, 2010. These regulations are codified at 28 CFR Part 35 "Nondiscrimination on the Basis of Disability in State and Local Government Services" and at 28 CFR Part 36 "Nondiscrimination on the Basis of Disability in Public Accommodations and Commercial Facilities". In accordance with the implementing regulations, Contractors must provide auxiliary aids and services where necessary to ensure effective communication and equal opportunity access to program benefits for individuals with disabilities. The type of auxiliary aids and services required will vary, but a Contractor may not require an individual with a disability to bring another individual to interpret, and may rely on a person accompanying a disabled individual only in

limited circumstances. When a Contractor communicates with applicants and beneficiaries by telephone, it must provide text telephone services (ITY) or have access to an equally effective electronic telecommunications system to communicate with individuals who are deaf, hard of hearing, or hearing impaired. Contractors must also ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities. For more information, please visit the ADA website: http://www.ada.gov.

Also, when conditions (1) and (2) are met, the absence of time logs, calendars, or similar records will not serve as a basis for disallowing costs by contesting estimates of lobbying time spent by employees during a calendar month.
- (5) Agencies shall establish procedures for resolving in advance, in consultation with OMB, any significant questions or disagreements concerning the interpretation or application of this section. Any such advance resolution shall be binding in any subsequent settlements, audits or investigations with respect to that grant or contract for purposes of interpretation of this Circular; provided, however, that this shall not be construed to prevent a contractor or grantee from contesting the lawfulness of such a determination.

#### **Certification Regarding Nondiscrimination**

**The Contractor certifies** that it will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of housing; (h) the Food Stamp Act and USDA policy, which prohibit discrimination on the basis of housing; (h) the Food Stamp Act and USDA policy, which prohibit discrimination statutes which may apply to this Agreement.

**The Contractor** must comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented by the Department of Labor Regulations (41 CFR Part 60): The Executive Order prohibits federal contractors and federally-assisted construction contractors and subcontractors who do over \$10,000 in Government business in one year from discriminating in employment decisions on the basis of race, color, religion, sex, or national origin. The Executive Order also requires Government contractors to take affirmative action to ensure that equal opportunity is provided in all aspects of their employment.

<u>Meaningful Access for LEP Individuals</u>: **The Contractor** that participate in the SNAP must take reasonable steps to ensure that LEP persons have meaningful access to programs, services, and benefits. This includes the requirement to provide bilingual program information and certification materials and interpretation services to single language minorities in certain project areas. SNAP Contractors that do not provide meaningful access for LEP individuals risk violating prohibitions against discrimination based on National Origin in the Food and Nutrition Act of 2008, as amended, Title VI of the Civil Rights Act of 1964 (Title VI) and SNAP program regulations at 7 CFR 272A(b). They also risk noncompliance with the USDA policy guidance titled, "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons", published in 79 FR 70771 - 70784 (November 28, 2014).

**The Contractor** should develop an implementing plan to address the language assistance needs of the LEP population served. This may include contracting for oral interpretation services, hiring bilingual staff, arranging telephone interpreters and/or language lines, coordinating community volunteers, translating vital documents, and providing written notice that language services are available in appropriate languages. Quality and accuracy of the language service is critical in order to avoid serious consequences to the LEP person and to the recipient. LEP needs should be considered in developing budgets and front line staff should understand how to obtain language assistance services. For additional assistance and information regarding LEP matters, please also visit <a href="http://www.lep.gov">http://www.lep.gov</a>.

Ensuring Equal Opportunity Access for Persons with Disabilities: **The Contractor** must also ensure equal opportunity access for persons with disabilities. This includes ensuring that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with people without disabilities. Contractors that do not provide persons with disabilities equal opportunity access to programs may risk violating prohibitions against disability discrimination in the Rehabilitation Act of 1978, the American with Disabilities Act (ADA) of 1990, as amended, and SNAP program regulations.

DOJ published revised final regulations implementing Title II and Title III of the ADA on September 15, 2010. These regulations are codified at 28 CFR Part 35 "Nondiscrimination on the Basis of Disability in State and Local Government Services" and at 28 CFR Part 36 "Nondiscrimination on the Basis of Disability in Public Accommodations and Commercial Facilities". In accordance with the implementing regulations, Contractors must provide auxiliary aids and services where necessary to ensure effective communication and equal opportunity access to program benefits for individuals with disabilities. The type of auxiliary aids and services required will vary, but a Contractor may not require an individual with a disability to bring another individual to interpret, and may rely on a person accompanying a disabled individual only in

limited circumstances. When a Contractor communicates with applicants and beneficiaries by telephone, it must provide text telephone services (ITY) or have access to an equally effective electronic telecommunications system to communicate with individuals who are deaf, hard of hearing, or hearing impaired. Contractors must also ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities. For more information, please visit the ADA website: http://www.ada.gov.

#### CERTIFICATION REGARDING NONDISCRIMINATION, CLEAN AIR ACT, CLEAN WATER ACT

#### **Certification Regarding Nondiscrimination**

The Contractor certifies that it will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (h) the Food Stamp Act and USDA policy, which prohibit discrimination on the basis of religion and political beliefs; and (i) the requirements of any other nondiscrimination statutes which may apply to this Agreement.

The Contractor must comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented by the Department of Labor Regulations (41 CFR Part 60): The Executive Order prohibits federal contractors and federally-assisted construction contractors and subcontractors who do over \$10,000 in Government business in one year from discriminating in employment decisions on the basis of race, color, religion, sex, or national origin. The Executive Order also requires Government contractors to take affirmative action to ensure that equal opportunity is provided in all aspects of their employment.

Meaningful Access for LEP Individuals: The Contractor that participate in the SNAP must take reasonable steps to ensure that LEP persons have meaningful access to programs, services, and benefits. This includes the requirement to provide bilingual program information and certification materials and interpretation services to single language minorities in certain project areas. SNAP Contractors that do not provide meaningful access for LEP individuals risk violating prohibitions against discrimination based on National Origin in the Food and Nutrition Act of 2008, as amended, Title VI of the Civil Rights Act of 1964 (Title VI) and SNAP program regulations at 7 CFR 272A(b). They also risk noncompliance with the USDA policy guidance titled, "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons", published in 79 FR 70771 - 70784 (November 28, 2014).

The Contractor should develop an implementing plan to address the language assistance needs of the LEP population served. This may include contracting for oral interpretation services, hiring bilingual staff, arranging telephone interpreters and/or language lines, coordinating community volunteers, translating vital documents, and providing written notice that language services are available in appropriate languages. Quality and accuracy of the language service is critical in order to avoid serious consequences to the LEP person and to the recipient. LEP needs should be considered in developing budgets and front line staff should understand how to obtain language assistance services. For additional assistance and information regarding LEP matters, please also visit http://www.lep.gov.

Ensuring Equal Opportunity Access for Persons with Disabilities: The Contractor must also ensure equal opportunity access for persons with disabilities. This includes ensuring that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with people without disabilities. Contractors that do not provide persons with disabilities equal opportunity access to programs may risk violating prohibitions against disability discrimination in the Rehabilitation Act of 1978, the American with Disabilities Act (ADA) of 1990, as amended, and SNAP program regulations.

DOJ published revised final regulations implementing Title II and Title III of the ADA on September 15, 2010. These regulations are codified at 28 CFR Part 35 "Nondiscrimination on the Basis of Disability in State and Local Government Services" and at 28 CFR Part 36 "Nondiscrimination on the Basis of Disability in Public Accommodations and Commercial Facilities". In accordance with the implementing regulations, Contractors must provide auxiliary aids and services where necessary to ensure effective communication and equal opportunity access to program benefits for individuals with disabilities. The type of auxiliary aids and services required will vary, but a Contractor may not require an individual with a disability to bring another individual to interpret, and may rely on a person accompanying a disabled individual only in limited circumstances. When a Contractor communicates with applicants and beneficiaries by telephone, it must provide 107

text telephone services (ITY) or have access to an equally effective electronic telecommunications system to communicate with individuals who are deaf, hard of hearing, or hearing impaired. Contractors must also ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities. For more information, please visit the ADA website: http://www.ada.gov.

### SAMPSON COUNTY EMERGENCY SERVICES HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) BREACH POLICY

In addition to the <u>Sampson County Health Insurance Portability and Accountability Act</u> (<u>HIPAA</u>) Policy and Procedure Manual, Sampson County Emergency Services (Emergency Services) employees will comply with the following written policies regarding (1) breach notification procedures, (2) training, and (3) sanctions.

## Section 1. Breach Notification Procedures

## Purpose

To outline the process for notifying affected individuals of a breach of unsecured protected health information (PHI) for the purposes of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Health Information Technology for Economic and Clinical Health Act of 2009 (HITECH), and state breach notification purposes.

## Scope

This applies to all employees, volunteers, and other individuals working under contractual agreements with Emergency Services.

## Definitions

Business Associate – A person or entity, other than a member of the workforce of Emergency Services, who performs functions or activities on behalf of, or provides certain services to, Emergency Services that involve access by the business associate to protected health information. A "business associate" is also a subcontractor that creates, receives, maintains, or transmits protected health information on behalf of another business associate.

HIPAA Breach – Unauthorized acquisition, access, use, or disclosure of unsecured PHI.

Individually Identifiable Health Information (IIHI) – Information that is a subset of health information, including demographic information collected from an individual, and is created or received by a health care provider, health plan, employer, or health care clearinghouse and relates to the past, present, or future physical or mental health or condition of an individual, the provision of health care to an individual, or the past, present, or future payment for the provision of health care to an individual, that identifies the individual or with respect to which there is reasonable basis to believe the information can be used to identify the individual.

Privacy Officer – The person appointed by the Director of Emergency Services to oversee all ongoing activities related to the development, implementation, and maintenance of Emergency Services policies in accordance with HIPAA, HITECH, and all other applicable federal and state laws.

Protected Health Information (PHI) – Individually identifiable health information that is transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium. Protected health information excludes individually identifiable health information in education records covered by the Family Educational Rights and Privacy Act, in records described at 20 U.S.C. 1232g(a)(4)(B)(iv) in employment records held by a covered entity in its role as employer, and regarding a person who has been deceased for more than 50 years.

### Procedure

#### Reporting a Possible Breach

- 1. Any employee who becomes aware of a possible HIPAA breach will immediately inform their supervisor and the Privacy Officer.
- 2. Notification should occur immediately upon discovery of a possible HIPAA breach or before the end of your shift if other duties interfere; however, in no case should notification occur later than twenty-four (24) hours after discovery.
  - a. The supervisor will verify the circumstances of the possible HIPAA breach and inform the Privacy Officer, the Chief of Operations, and the Director within twenty-four (24) hours of the initial report.
- 3. The Privacy Officer may be contacted directly.
  - a. Provide the Privacy Officer with as much detail as possible.
  - b. Be responsive to requests for additional information from the Privacy Officer.
  - c. Be aware that the Privacy Officer has an obligation to follow up on any reasonable belief that PHI has been compromised.

#### Containing the Breach

- 1. The Privacy Officer will take the following steps to limit the scope and effect of the possible HIPAA breach.
  - a. Work to immediately contain the HIPAA breach. Examples of steps that the Privacy Officer may take include, but are not limited to:
    - i. Stopping the HIPAA breach;
    - ii. Recovering the PHI, if possible;

- iii. Shutting down the system that was breached, if applicable;
- iv. Mitigating the breach to the extent possible;
- v. Correcting weaknesses in security practices; and
- vi. Notifying the appropriate authorities including the Sampson County Sheriff's Office if the HIPAA breach involves, or may involve, any criminal activity.

#### Investigating and Evaluating the Risks Associated with the Breach

- 1. To determine what other steps are immediately necessary, the Privacy Officer in collaboration with the County Attorney will investigate the circumstances of the breach.
  - a. The Director, Operations Chief, Privacy Officer, and County Attorney will review the results of the investigation to determine root cause(es), evaluate risks, and develop a resolution plan.
    - i. The Privacy Breach Assessment tool located in Appendix A to this Policy will help aid the investigation.
  - b. The Privacy Officer, in collaboration with the County Attorney, will consider several factors in determining whether to notify the Department of Health and Human Services and individuals affected by the breach including, but not limited to:
    - i. Whether the PHI was secured or unsecured;
    - ii. Whether the acquisition, access, use, or disclosure of PHI is permitted by HIPAA;
    - iii. Whether the acquisition, access, use, or disclosure of PHI falls within a breach exception, as defined by HIPAA;
    - iv. Whether there is a low probability that the PHI has been compromised based on a risk assessment involving at least the following factors:
      - 1. The nature and extent of the PHI involved, including the types of identifiers and the likelihood of reidentification;
      - 2. The unauthorized person who impermissibly used the PHI or to whom disclosure was made;

- 3. Whether the PHI was actually acquired or viewed;
- 4. Whether the risk to the PHI has been mitigated.
- v. The number of individuals affected.

#### Notification

- 1. The Privacy Officer will work with the Director, Operations Chief, and the County Attorney to decide the best approach for notification and to determine what may be required by law.
- 2. If required by law, notification of individuals affected by the HIPAA breach will occur as soon as possible following the breach.
  - a. Affected individuals must be notified without reasonable delay, but in no event later than sixty (60) calendar days after discovery.
    - i. Notices must be in plain language and include basic information, including:
      - 1. What happened;
      - 2. Types of PHI involved;
      - 3. Steps individuals should take;
      - 4. Steps the covered entity is taking; and
      - 5. Contact Information for all parties.
    - ii. Notices should be sent by first-class mail or, if the individual agrees, electronic mail. If insufficient or out-of-date contact information is available, then a substitute notice is required as specified below.
  - b. If law enforcement authorities have been contacted, those authorities will assist in determining whether notification may be delayed in order not to impede a criminal investigation.
- 3. The required elements of notification vary depending on the type of breach and which law is implicated. As a result, the Privacy Officer and County Attorney should work closely to draft any notification that is distributed.

- 4. Indirect notification such as website information, posted notices, or media releases will generally occur only where direct notification could cause further harm, or contact information is lacking.
  - a. If a breach affects five-hundred (500) or more individuals, or contact information is insufficient, Emergency Services will notify a prominent media outlet that is appropriate for the size of the location with affected individuals, and notice will be provided in the form of a press release. This notification will occur no later than sixty (60) days after the date of discovery of the HIPAA breach.
- 5. Using multiple methods of notification in certain cases may be the most effective approach.
- 6. Business associates must notify Emergency Services if they incur or discover a breach of unsecured PHI.
  - a. Notices must be provided without reasonable delay and in no case later than sixty (60) days after discovery of the breach.
  - b. Business associates must cooperate with the Practice in investigating and mitigating the breach.
- 7. The County Attorney will determine whether notice to the Department of Health and Human Services (HHS) is required.
  - a. Information regarding breaches involving five-hundred (500) or more individuals, regardless of location, must be submitted to HHS at the same time that notices to individuals are issued.
  - b. If a breach involves fewer than five-hundred (500) individuals, Emergency Services will be required to keep track of all breaches and to notify HHS within sixty (60) days after the end of the calendar year.

### Prevention

- 1. Once immediate steps are taken to mitigate the risks associated with the breach, the Privacy Officer will investigate the cause of the breach.
  - a. If necessary, this will include a security audit of physical, organizational, and technological measures.
  - b. This may also include a review of any mitigating steps taken.

- 2. The Privacy Officer will put into effect adequate safeguards against further breaches.
- 3. Procedures will be reviewed and updated to reflect the lessons learned from the investigation and regularly thereafter.
- 4. The resulting plan will also include audit recommendations, if appropriate.

#### **Compliance and Enforcement**

The Director, Operations Chief, Privacy Officer, and all supervisors are responsible for enforcing these procedures. Employees who violate these procedures are subject to discipline up to and including termination in accordance with Section 3 of this Policy.

    - iii. Passwords must be at least eight characters and contain upper case letters, lower case letters, numbers, and special characters.
    - iv. Commonly used words, names, initials, birthdays, or phone numbers should not be used as passwords.
    - v. A password must be promptly changed if it is suspected of being disclosed, or known to have been disclosed.
    - vi. Passwords must not be disclosed to other workforce members (including anyone claiming to need a password to "fix" a computer or handle an emergency situation) or individuals, including family members.
    - vii. Passwords must not be written down, posted, or exposed in an insecure manner such as on a notepad, on the computer or posted on the workstation.
    - viii. Employees should refuse all offers by software and/or Internet sites to automatically login the next time that they access those resources.

#### HIPAA/HITECH Analysis

- 1. Breach Analysis
  - Determine whether the breached information was Protected Health Information (individually identifiable health information as defined by HIPAA). If not, HIPAA/HITECH breach reporting requirements do not apply and the analysis below is not necessary.
  - b. If breached information was PHI, determine whether the PHI was secured or unsecured. Unsecured PHI is defined as PHI that is not secured through a means that HHS has approved as rendering the PHI unusable or unreadable to unauthorized persons.<sup>1</sup> If PHI was secured, no reporting is necessary under HIPAA and you can proceed to Step 2.

<sup>&</sup>lt;sup>1</sup> As of the date of drafting, the following guidance was provided – COVERED ENTITY should review published guidance periodically to see if additional guidance was issued:

<sup>1)</sup> Electronic PHI has been encrypted as specified in the HIPAA Security Rule by "the use of an algorithmic process to transform data into a form in which there is a low probability of assigning meaning without use of a confidential process or key" and such confidential process or key that might enable decryption has not been breached. The encryption processes identified below have been tested by the National Institute of Standards and Technology (NIST) and <u>are judged by HHS to meet this standard</u>.

i) Valid encryption processes for data at rest are consistent with NIST Special Publication 800-111, *Guide to Storage Encryption Technologies for End User Devices.* 

- c. If PHI was unsecured, it constitutes an official breach under HIPAA if it "compromises the security or privacy of the PHI" and does not meet one of the exceptions to breach.
  - Compromises the security or privacy this means that it poses a significant risk of financial, reputational or other harm to the individual. Sections 2 and 4 of the Privacy Breach Questionnaire should assist with this analysis. Key factors to consider:
    - 1. To whom was the information disclosed?
    - 2. What type of information was breached?
    - 3. How easily can the information be redistributed?
  - ii. Exceptions to breach (these factors are fairly subjective and any analysis resulting in the conclusion that a disclosure meets one of these exceptions should be documented and retained for seven years):
    - Good faith and unintentional acquisition, access or use by a person working under the authority of a covered entity or business associate, which is within the scope of authority and does not result in further use or disclosure.
    - 2. Disclosures between persons at the same covered entity, business associate or organized health care arrangement if persons are authorized and information will not be further used or disclosed.
    - 3. Disclosure where the covered entity or business associate has the good faith belief that the information could not have been retained (for example, a person drops their jump drive overboard on a moving cruise ship).

ii) Valid encryption processes for data in motion are those that comply with the requirements of Federal Information Processing Standards (FIPS) 140- 2. These include, as appropriate, standards described in NIST Special Publications 800-52, *Guidelines for the Selection and Use of Transport Layer Security* (*TLS*) *Implementations*; 800-77, *Guide to IPsec VPNs*; or 800-113, *Guide to SSL VPNs*, and may include others which are FIPS 140-2 validated.

<sup>2)</sup> The media on which the PHI is stored or recorded has been destroyed in one of the following ways:

i) Paper, film, or other hard copy media have been shredded or destroyed such that the PHI cannot be read or otherwise cannot be reconstructed.

ii) Electronic media have been cleared, purged, or destroyed consistent with NIST Special Publication 800-88, *Guidelines for Media Sanitization*, such that the PHI cannot be retrieved.

- d. If the disclosure is found to meet one of these exceptions or is not found to compromise the security or privacy of the PHI, proceed to Step 2. If the disclosure does not meet one of the exceptions to breach, and it is found to compromise the security or privacy of the PHI, the next step is to determine how to mitigate the breach and protect the individual. Part of the mitigation and protection efforts would include notification, but they may also include instituting additional security measures, changing a person's account number, notifying police of the breach and other appropriate measures.
- e. After determining and instituting mitigation and protection efforts, Emergency Services must fulfill its obligations to notify the affected individuals of the breach. Notice must be provided within 60 days of discovery<sup>2</sup>, unless authorized to delay by law enforcement personnel. First, Emergency Services should determine how notice should be sent to the individual. The following rules apply:
  - i. If contact information is sufficient and no more than 500 residents in the state are affected, written notification should be sent by first class mail.
  - ii. If contact information is not sufficient for more than 10 individuals, notification must also be on the Emergency Services home page and in major media (print or broadcast).
  - iii. If more than 500 residents are affected, notification must also be made to major media, even if contact information is sufficient for all affected persons.
- f. Notice should be carefully drafted to include the following required information, without any unnecessary information that may result in additional questions or concerns from affected individuals:
  - i. Brief description of the breach, including the date of the breach and date of discovery.
  - ii. Description of the types of PHI involved.
  - iii. Steps the individual should take to protect themselves.
  - iv. Brief description of steps Emergency Services is taking to mitigate, investigate and protect (careful not to disclose information that could hamper any ongoing investigation).

<sup>&</sup>lt;sup>2</sup> Discovery is defined as when the breach is known or should reasonably have been known.

- v. Contact procedures for questions or additional information, including a toll-free telephone number, email, Web site or address.
- g. If more than 500 persons are affected, notice must also be provided to the U.S. Department of Health and Human Services. If 500 or less are affected, the notice should be kept in an annual log of breaches.
- 2. <u>Breach Analysis Follow-Up</u>: Once the breach analysis is complete and notice is provided, Emergency Services should review policies, procedures and security measures to incorporate any necessary updates or changes.

#### Re: 2018 NCACC District Director Caucuses

The Association's even-numbered Districts will caucus at the 2018 NCACC Annual Conference to select who will represent those districts on the Association's Board of Directors. The caucuses will be held on Friday, August 24, from 5:15-5:45 p.m.; the meeting room location will be listed in the Conference agenda.

Cumberland, Harnett and Sampson counties are in District 6. You currently are represented by Marshall Faircloth of Cumberland County on the Association's Board of Directors, who will preside at the Caucus. Cumberland County's voting delegate or other representative should attend to represent your county. There will be a nominating and election process, and a quorum of representatives from the counties within each district must be present to validate the selection of the caucus. A simple majority vote must also be achieved. The chosen commissioners will each serve a two-year term to conclude at NCACC's annual conference in August 2020. District Directors will be sworn in at the Fall Board of Directors Meeting.

We are attaching a copy of the representational history for your district. Whether your district complies with a rotation agreement is an issue each district decides and enforces for itself.

If you have any questions regarding the District Caucuses or the conference, please contact Amy Bason (919-715-2893 or <u>amy.bason@ncacc.org</u>).

This year's conference promises to be a memorable and rewarding experience. I hope to see you there!

#### **NCACC District Director Election Procedures**

- An NCACC Executive Officer or his/her designee will preside over the process and convene the meeting at the appointed time.
- Each district will then convene its own caucus and determine the presence of a quorum (a majority of the counties from that district).
- The presiding officer for the district caucus shall be the incumbent district director. If the district director is unable to attend the caucus, he or she may delegate this duty to his or her county's voting delegate or other county official. If that district director or delegate is not present, then the counties present shall determine who will preside. If a vote is required, each county present shall have one vote.
- Nominations may then be offered and the counties present shall then conduct an election to determine the next district director. A simple majority vote is required, with each county having one vote.
- These elections shall be conducted by each district and any questions of procedure shall be addressed within the caucus.
- NCACC staff will be present in an advisory capacity.
- A representational history will be provided to each district and each district may determine whether or not to follow a specific rotational schedule.

#### PUBLIC COMMENT POLICIES AND PROCEDURES Revised June, 2018

In accordance with NCGS 153A-52.1, a period reserved for comments from the public on topics not otherwise included on that evening's agenda will be included as an item of business on all agendas of regularly-scheduled Board of Commissioners meetings and shall be deemed the "Public Comment" segment of the agenda. The Public Comment segment of the agenda will be placed at the end of the agenda, following the conclusion of all other open session business. Because subjects of Special and Emergency Meetings are often regulated by General Statutes, there will be no Public Comments segment reserved on agendas of these meetings; however, Special and Emergency Meetings are open for public attendance.

As with public hearings, the Chair (or presiding officer) will determine and announce limits on speakers at the start of the Public Comment period. Each speaker will be allocated no more than five (5) minutes. The Chairman (or presiding officer) may, at their discretion, decrease this time allocation if the number of persons wishing to speak would unduly prolong the meeting. A staff member will be designated as official timekeeper, and the timekeeper will inform the speaker when they have one minute remaining of their allotted time. When the allotted time is exhausted, the speaker will conclude their remarks promptly and leave the lectern. Speakers may not yield their time to another speaker, and they may not sign up to speak more than once during the same Public Comment period.

An individual wishing to address the Board during the Public Comment period shall register with the Clerk/Deputy Clerk to the Board prior to the opening of the meeting by signing his or her name and providing an address and short description of his or her topic on a sign-up sheet stationed at the entrance of the meeting room. Any related documents, printed comments, or materials the speaker wishes distributed to the Commissioners shall be delivered to the Clerk/Deputy Clerk in sufficient amounts (10 copies) at least fifteen minutes prior to the start of the meeting. Speakers will be acknowledged to speak in the order in which their names appear on the sign-up sheet. Speakers will address the Commissioners from the lectern, not from the audience, and begin their remarks by stating their name and address.

# To ensure the safety of board members, staff and meeting attendees, speakers are not allowed to approach the Board on the seating platform, unless invited by the Board to approach.

Speakers who require accommodation for a disabling condition should contact the office of the County Clerk or County Manager not less than twenty-four (24) hours prior to the meeting.

If time allows, those who fail to register before the meeting may be allowed speak during the Public Comment period. These individuals will be offered the opportunity to speak following those who registered in advance. At this time in the agenda, an individual should raise his or her hand and ask to be recognized by the Board Chair (or presiding officer) and then state his or her name, address and introduce the topic to be addressed.

A total of thirty (30) minutes shall be set aside for public comment. At the end of this time, those who signed up to speak but have not yet been recognized may be requested to hold their

comments until the next meeting's public comment period, at which time they will be given priority for expression. Alternatively, the Board, in its discretion, may extend the time allotted for public comment.

Items of discussion during the Public Comment segment of the meeting will be only those appropriate to Open Meetings. Closed Meeting topics include, but are not limited to, such subjects as personnel, acquisition of real property, and information protected by the clientattorney privilege. Closed Meeting subjects will not be entertained. Speakers will not discuss matters regarding the candidacy of any person seeking public office, including the candidacy of the person addressing the Board.

Speakers will be courteous in their language and presentation, shall not use profanity or racial slurs and shall not engage in personal attacks that by irrelevance, duration or tone may threaten or perceive to threaten the orderly and fair progress of the discussion. Failure to abide by this requirement may result in forfeiture of the speaker's right to speak.

The Public Comments segment of the agenda is intended to provide a forum for the Board of Community to listen to citizens; there shall be no expectation that the Board will answer impromptu questions. However, Board members, through the presiding officer, may ask the speaker questions for clarification purposes. Any action on items brought up during the Public Comment period will be at the discretion of the Board. When appropriate, items will be referred to the Manager or the proper Department Head for further review.

A copy of the Public Comments Policy will be included in the agenda of each regular meeting agenda and will be made available at the speaker registration table. The policy is also available on the County's website.
